TWENTY-FOURTH 1926 ANNUAL CATALOG

MAR 9 1926

The Wisconsin Nurseries

W. J. MOYLE & SONS

UNION GROVE - WISCONSIN

UNITED LITHO & PLS. CO., BROOKLYN, N. Y.

BUN'S SPECIAL

The largest strawberry we have ever grown. Plant a good grower, producing lots of high-quality berries of *enormous* size. We highly recommend this variety for the home garden. Try a few plants.

MINNEHAHA

A hardy, vigorous new strawberry from Minnesota. Very valuable for market on account of its quality and productiveness. We are growing it more largely than any other variety. Nice plants, 25¢ per 10, \$1.25 per 100, \$10 per 1000

W. J. MOYLE & SONS—The boys you are dealing with.

ANNOUNCEMENT

Dear Friends:

For twenty-four years we have been growing and selling nursery stock direct to our customers through our catalogue. Our aim has always been to furnish hardy, adapted varieties that would give satisfaction under Wisconsin conditions. We want every home to have fruits, shrubbery and flowers growing in the door-yard, and with this object in view, we have kept our prices down just as low as possible, so that no matter how humble the home, the possessor may have the pleasure of enjoying these bounties of nature and thus make this old world a better place to live in.

THE MOYLE FAMILY

MOTHER AND RUTH

Two important members of the firm

Conditions and Terms

Order at Once. Make sure of getting what you want by ordering early. If you are short of funds now, send one-third cash with order, and we will hold stock; and balance can be remitted later, before shipping season.

Terms Cash, or part cash with order, and balance as above stated. **The Prices** given in this catalogue are for quantities named, and cancel all previous quotations.

Shipping. We make no charge for packing, boxing, etc., and all stock is delivered to forwarders in good order, properly labeled and correctly packed. Freight and express charges are in all cases paid by the purchaser.

While we exercise the greatest care to have all stock genuine, we do not give any warranty, and in case of any error on our part it is mutually agreed that we shall not at any time be held responsible for a greater amount than the original price of the goods.

Plants by Parcel Post. Gooseberries, currants, raspberries, blackberries, strawberries, grapes, shrubs, roses, peonies, and vines, in limited quantities, can be cheaply sent by parcel post. As we have no method of telling what the postage on your shipment will be until packed, ready to go, we suggest that when your order is sent by mail, you agree to refund the postage due us on receipt of your stock.

Light apple trees can also be sent by parcel post, but large apples, pears, cherries, plums and shade trees should in all cases be shipped by freight or express.

4 to 6 feet.....	\$0.40	\$3.50	\$32.00

Those starred (*) are the hardiest kinds.

Summer Apples

***Duchess of Oldenburg**—Good size, yellow, streaked red, juicy, rich, sub-acid, productive. Valuable for market.

Golden Sweet—Large, pale yellow, tender, sweet.

Lowland Raspberry—Russian origin; clear white, shaded crimson, most beautiful apple; flesh white, hardy, long lived. Ideal for home use. Fruit of quality.

***Red Astrachan**—Large, beautiful deep crimson. Valuable for market.

Sops of Wine—Medium, dark crimson, sweet.

***Tetofsky**—Medium, yellow, striped red, fine for eating. The best early summer apple.

***Yellow Transparent**—Earliest and best; white, tender, juicy, sprightly, sub-acid.

Autumn Apples

Alexander—A large, beautiful red apple.

Autumn Strawberry—Tender, juicy, productive, fine for home orchard.

***Dudley, or North Star**—Originated in Maine. Tree thrifty, perfectly hardy; a good cropper. Fruit, size and appearance of Duchess, but more solid and richer flavor; a few weeks later than Duchess.

Fall Orange—Fruit large to very large, deep yellow and covered with small black dots; excellent quality. Tree a free grower and very productive.

Lowell, or Greasy Pippin—Large, golden yellow with waxy skin; delicious quality. The finest eating apple.

***Patten's Greening**—Large, round, slightly flattened, yellowish green with bronze blush, sub-acid. Very hardy.

St. Lawrence, or Fall Stripe—Large, streaked red and greenish yellow; fine quality. Tree hardy.

***Wealthy**—Originated in Minnesota. Hardy. Vigorous and very productive.

***Wolf River**—Large, handsome; yellow shaded and striped red, juicy, pleasant, spicy flavor, very hardy. Our biggest apple.

Hoeing Gang and a Block of Ten Thousand Fruit Trees Growing for You

Winter Apples

Ben Davis—Large, handsome, striped, valuable.

Delicious—Good size, fine quality. Tree good grower and hardy.

Fameuse—(Snow)—Medium, deep crimson, flesh white, of best quality.

Gano—An improved Ben Davis, nearly covered with deep, dark red.

Grimes' Golden—Good size, yellow, of highest quality, very productive.

Golden Russet—Medium, dull russet, quality the best. Tree enormous and early bearer. Valuable for the market.

Hubbardston—Large reddish russet, crisp, juicy.

Jonathan—Medium, red, extra quality.

King David—Hardy and vigorous; bright red; crisp, spicy; and of fine quality. Long keeper.

McIntosh—Medium size, dark red, good quality, juicy, sub-acid.

***Northwestern Greening**—Hardy, yellow, rich, of good size, extra long keeper.

Northern Spy—Large, striped, mild, sub-acid and tender, with a rich, delicious flavor.

Pewaukee—A hardy winter apple, good grower and keeper.

Salome—Long keeper, annual bearer, medium and uniform size; good quality.

Seek-No-Further—(Westfield)—Medium to large, round, striped with dull red, russet dots; fine grain, tender, rich and excellent.

Stayman's Winesap—A very popular winter apple. Largely planted.

Tallman Sweet—Medium, yellow, rich. Good keeper.

Windsor—Large, oblate, slightly conical, light greenish yellow covered with marbled dull red and russet; fine grained, spicy, sub-acid. Very good.

Winter Banana—A beautiful golden yellow, crimson cheeked apple with a decided banana flavor. Tree hardy.

We can also supply Yellow Bellflower, Pound Sweet, Golden Winesap, Bailey Sweet and Maiden's Blush; 3 to 4 ft. trees at 45c each. \$4.25 for 10.

CRAB APPLES

	Each	10	100
4 to 6 feet.....	\$0.40	\$3.50	\$32.00

Perfectly hardy, succeed everywhere, early and annual bearers.

***Florence**—One of the best crabs to plant. It is very hardy and an early bearer. Fruit is large, red and of good quality. Originated in Minnesota. Tree is very hardy.

Hyslop—Large, deep crimson; one of the most beautiful; very popular.

***Sweet Russet**—Large, roundish oblong, greenish yellow, mild, sweet.

Transcendent—Immensely productive, bright red and yellow; one of the most popular.

Whitney—One of the largest, glossy green, splashed carmine, firm, juicy, pleasant, great bearer. Fine to eat out of the hand.

Bartlett

Keiffer

Pears

STANDARD

	Each	10	100
4 to 6 feet.....	\$0.60	\$5.50	\$52.00

DWARF

3 to 4 feet.....	.50	4.50	42.00
------------------	-----	------	-------

Dwarfs, Howell, Seckel, Flemish Beauty, Anjou, Bartlett.

Anjou—Large, buttery, melting, rich vinous. The best late fall and early winter variety.

Bartlett—Large, buttery, juicy, high flavored, great bearer; very popular.

Clapp's Favorite—Very large, yellow and red, with russet specks, melting rich.

Flemish Beauty—Large, juicy, rich; one of the hardiest and most popular.

Howell—Large, yellow, with red cheek, rich, sweet, melting, early bearer, productive.

Keiffer—Its large size, handsome appearance and remarkable keeping and shipping qualities make it exceedingly profitable for market. Very hardy.

Seckel—Small, skin rich, yellowish brown, when fully ripe, with deep brownish red cheek; flesh very fine grained, sweet, exceedingly juicy, melting, buttery, one of the richest flavored pears known.

Sheldon—Medium size; yellow, with a richly shaded cheek; flesh a little coarse, melting, juicy, with a very brisk, vinous, highly perfumed flavor; of first quality. Tree vigorous, erect and handsome, hardy and productive.

Russian Apricots

50c each—\$4.75 per 10

These are quite distinct from the European varieties, hardier and will produce fruit when other apricots fail. Recommended where peaches cannot be grown. They are early bearers and productive.

Superb—A hardy seedling from Kansas. The best flavored, most productive, hardy apricot yet produced. Golden yellow.

Montmorency

English Morello

Cherries

Probably no trees in the North are more prolific and the fruit is always in great demand, usually at a high price. Every home-garden should contain at least five or six of the "pie" varieties, and one or more trees of sweet.

	Each	10	100
3 to 4 feet.....	\$0.60	\$5.50	\$52.00

Dikeman—From Northern Michigan. The original tree has attained large size and is still producing immense crops; fruit large, black, firm, of excellent quality; fine keeper and shipper; the latest of all sweet cherries.

Dyehouse—A very early and sure bearer; ripens a week before Early Richmond.

***Early Richmond**—An early variety of extreme hardiness, bearing large annual crops of medium sized fruit, light to dark red, very juicy.

English Morello—Large, dark red, juicy, tree somewhat dwarf in growth.

***Montmorency**—Large, bright crimson, very juicy, strong, upright grower and one of the best late varieties.

***Napoleon**—Large, pale yellow or red; firm, juicy, sweet and productive.

Cherry Trees
One Year Old

Underwood

Oyata

The Wonderful Minnesota Plums

(Fine Trees)

	Each	10	100
4 to 5 feet.....	\$0.60	\$5.50	\$52.00

We are glad we can offer you this season, these remarkable creations of the Minnesota Fruit Breeding Farm. Produced by crossing the Native Plums with the Japanese variety.

Monitor—Of largest size and most delicious quality; annual bearer and perfectly hardy on tree.

Red Wing—Another dandy, delicious to eat and preserve and a fine market sort.

Terry—Our best Native Plum. Early abundant bearer, delicious to eat out of hand.

Underwood—The earliest of all these beautiful plums, ripens in early August. Early and abundant bearer of large fruit; the equal of the best California plums.

Zumbra Cherry—Unique and in great demand, fruiting on trees two feet high in the nursery.

Compass Cherry—Valuable in the extreme north; very hardy.

PROF. HANSEN'S NEW PLUMS

We have fruited these wonderful plums on our grounds and can truthfully say they are the most remarkable creations in fruits of the present day.

Hanska, with its beautiful appearance, high color and rich fragrance and flavor, is a real acquisition.

Oyata is a cross between the Sand Cherry and the Gold Plum. Bears the second year; fine quality and as hardy as a willow.

Sapa much like a large Ox-heart cherry, dark flesh and juice. Fine quality. Five-foot trees at three years bear 1 to 1½ bushels, and keep it up. Every home in the country should possess from one to a dozen of these wonderful trees.

Waneta—Best of Hansen's Hybrids; good thrifty grower; very hardy. Fruit very large and of finest quality.

EUROPEAN PLUMS

German Prune—Large, dark purple, good.

Lombard—Medium, violet, red, juicy, good, hardy and productive, the leading market variety.

Reine Claude—(Bavey's Green Gage)—Very large, greenish, fine flavor.

Crawford's Early

Rochester

Peaches

The Peach is one of our most delicious fruits. By many the tree is considered tender, and the crop uncertain in this latitude, but it is remarkable how many people raise peaches successfully by selecting hardy varieties and by planting in sheltered locations.

The list here offered contains the very best for hardiness and quality. Plant in rich soil.

	Each	10	100
4 to 5 feet.....	\$0.40	\$3.75	\$35.00

Champion—A large, handsome early variety, creamy white with red cheek; sweet, rich and juicy. Hardy and productive. August.

Crawford's Early—A magnificent, large yellow peach of good quality. Early in September.

Crawford's Late—A superb, large, yellow peach. One of the best. Last of September.

Elberta—Large, yellow with red cheek; flesh yellow, firm, juicy. Exceedingly prolific, sure bearer and hardy. The leading market variety. Follows Early Crawford.

Rochester—One of the hardiest, abundant bearer; medium size, bright yellow, fine quality. Middle of August.

JUNEBERRY

Success June Berries—One of our most desirable fruits for the garden. Very hardy and productive. Much like blue berries. 25c each; \$2.00 per 10.

GOOSEBERRIES

	Each	10	100
Chautauqua or Carrie.....	.25	2.75	25.00
Houghton or Downing.....	\$0.20	\$1.75	\$16.00

Carrie—Is extremely vigorous and healthy in foliage, and promises good. Of fine quality and the most productive of all. The berries hang in clusters like grapes on the branches.

Chautauqua—One of the most prolific large gooseberries grown. Bush strong and vigorous, berries light yellow, free from spines and hair; veined and transparent; sweet and delicious.

Downing—Large size, oval, greenish white; plant very vigorous and hardy, with stiff, strong shoots; foliage heavy, covering the fruit from the sun, and resisting mildew; bears most abundantly and is profitable for market and home use.

Houghton's Seedling—A vigorous American sort; very productive; free from mildew. Fruit medium, roundish, smooth, of a pale red color, tender, sweet and of delicious flavor.

Carrie Gooseberries

Fay's Prolific

White Grape

Currants

	Each	10	100
Prices	\$0.20	\$1.75	\$16.00

Black Victoria—A strong, vigorous grower, making a neat bush of unfailing productiveness; fruit of fine flavor and enormous size; the largest black in cultivation.

Fay's Prolific—The leading market variety. Extra large stems and berries, uniform in size, easily picked, exceedingly productive.

Perfection—A grand currant, large berry of finest quality; two weeks later in ripening than Fay.

White Grape—Very large, yellowish white; sweet or very mild acid; excellent quality and valuable for the table. Productive.

Strawberries

Burrill, Dunlap, and Premier, per 10, 25c; per 100, \$1.00; per 1000, \$6.00. Cooper and Bun's special \$1.25 per 100, \$10.00 per 1000.

NOTICE—To parties wishing plants sent by mail add 10 cents per hundred to cover cost of postage and packing. We can ship any distance by mail and plants will arrive in fine condition.

Bun's Special—The hardiest plant in our nursery; berries dark red, and of enormous size.

Cooper—Large size, roundish conical, dark red, very firm and a good shipper. A leading market variety.

Dr. Burrill—An improved Dunlap; very fine.

Premier—Large size, good quality, and very productive.

Senator Dunlap—Medium to large, conical, dark red, firm and of first quality, mid-season. A vigorous grower and usually makes too many plants for best results, unless growth is restricted. It is as productive as Warfield, berries are better colored and a third larger.

Everbearing

Prices, per 10, 30c; per 100, \$2.00; per 1000, \$15.00.

Champion—Best of all in our estimation.

Progre7sive—All that the name implies; everybody should grow them.

St. Regis

Kansas—Reduced size

Ancient Briton

Raspberries

	Each	10	100
Prices	\$0 15	\$1.00	\$8.00

***Cumberland**—The standard market variety. Strong, upright, vigorous grower, very productive. Berries very large, firm, black and of finest quality. Ripens second early to mid-season.

Kansas—Jet black, firm and delicious, as large or larger than Gregg. The hardest black cap known, successfully withstanding the winters.

Plum Farmer—One of the most profitable market varieties as it ripens the crop in a very short time. Berries are large size, firm, thick meated, black with a bloom similar to the Gregg. Very attractive when ready for market. Ripens just before Cumberland.

Columbian—A vigorous grower; canes often ten to fifteen feet in length and over an inch in diameter. Never suckers from the roots. Very hardy, enduring 28 degrees below zero. Fruit very large, dark red, bordering on purple; adheres firmly; rich, sprightly flavor.

Cuthbert—(Queen of the Market)—Large conical, deep, rich crimson; firm, of excellent quality. A vigorous grower, entirely hardy, and immensely productive.

Golden Queen—Bright golden yellow. The flavor is of the highest quality, pronounced by some superior to Brinskle's Orange. In size equal to Cuthbert; immensely productive; a very strong grower and hardy enough even for extreme northern latitudes.

King—Best early red. Productive.

St. Regis Everbearing Raspberry—This wonderful raspberry marks a new era with this popular fruit. We have a large planting of St. Regis and during September and October we picked crates of the most delicious berries, in fact there were berries on the canes all summer long.

Redpath—This is a wonderful red Raspberry. The past season on our grounds it beat all the other varieties in yield and the berries were, many of them, one inch in diameter. Cuthbert froze to the ground while Redpath came through, live to the tips.

Each 15c; per 10 \$1.25; per 100 \$9.00.

Blackberries

	Each	10	100
Prices	\$0.15	\$1.00	\$8.00

Snyder—Extremely hardy; enormously productive; medium size; no hard sour core.

Eldorado—On account of the peculiar thick and elastic composition of the leaf of the Eldorado it stands in a class by itself. Rust or scalding sun does not affect them. If you have been disappointed in growing blackberries, take our advice and try the Eldorado. We have the true blue stock.

Ancient Briton—One of the best. This variety did the best of any on our grounds the past summer, yielding enormous quantities of delicious berries.

THREE GOOD GRAPES

Moore's Early

Niagara

Worden

Grapes

	Each	10	100
One year, first class.....	\$0.25	\$2.25	\$20.00

Brighton—Bunch large, well formed; berries above medium to large; round; excellent flavor and quality; one of the earliest in ripening.

Campbell's Early—The berries are large, often an inch or more in diameter, glossy black with a purple bloom, sweet and juicy, with few seeds. They ripen from the fifteenth to the last of August. As a keeper and shipper this variety is unequalled by any other American grape while as a dessert grape it is delicious.

Concord—The well known standard variety, succeeds wherever grapes will grow.

Delaware—Bunches small, compact, shouldered; berries rather small, round, skin thin, light red; flesh very juicy; sweet, spicy and delicious.

Diamond—The leading early white grape, ripening before Moore's Early. White, with rich yellow tinge; juicy, few seeds, almost free from pulp; excellent quality; above medium size, adheres firmly to the stem. Fine variety for both market and home garden.

Lindley—(Roger No. 9)—Berries medium to large, red; flesh tender, sweet and aromatic; ripens early.

Moore's Early—Bunch large, berry large, round, with heavy bloom, vine exceedingly hardy. Its earliness makes it desirable for an early market. Its hardiness particularly adapts it to Canada and the northern portions of the United States.

Niagara—Occupies the same position among white varieties as Concord among the black; the leading profitable market sort. Bunch and berries large, greenish white changing to pale yellow when fully ripe. Skin thin but tough; quality much like Concord.

Pocklington—Bush and berries large, when fully ripe a light golden yellow; juicy, tender, sweet and with little pulp. Vine thoroughly hardy, strong grower, free from mildew; productive. One of the most satisfactory white varieties.

Worden—A splendid grape of Concord type, larger, better quality and earlier. Vine vigorous; hardy and productive.

HARDY MINNESOTA GRAPES

	Each	10	100
One year, first class.....	\$0.30	\$2.50	\$20.00

Alpha—A fine black grape found growing wild in Minnesota; has stood 25 to 30 degrees below zero and bore a good crop.

Beta—A very hardy hybrid wild grape; fine for jellies and grape juice.

Hungarian—Much like Concord but earlier and a great deal hardier; a great acquisition.

Garden Roots

Rhubarb or pieplant, each, 10c; 10, \$1.00; 100, \$8.00.

Horse Radish, each, 10c; 10, \$1.00; 100, \$8.00.

Asparagus, Conover, each, 5c; 10, 30c; 100, \$2.50.

Martha Washington. The new rust proof asparagus. 5c each; 10, 40c; 100, \$3.00.

Martha Washington

General Jacqueminot

J. B. Clark

Hardy Roses

Good strong field-grown bushes that will bloom nicely the first summer.

Prices, except as noted.....Each, 50c; per 10, \$4.50; per 100, \$40.00

Anne de Diesbach—Beautiful shade of carmine; very large and fragrant; quite hardy and a good forcing rose.

Baron de Bonstetten—Rich, velvety, maroon, large and full; a splendid sort.

Frau Karl Druschki—Very large; perfect form and snow white; a vigorous grower and a free bloomer.

General Jacqueminot—One of the most popular of the red roses; brilliant crimson, large and very effective; very fragrant and one of the hardiest.

Geo. Arends—(Pink Druschki)—Without a doubt has few equals; lovely pink.

J. B. Clark—This splendid new Rose is placed by some cataloguers among the Hybrid Teas; but it is perfectly hardy, unusually large and expresses in every way the characteristics of the Remontant type. It is robust in growth, with clean, heavy foliage. Flowers are large and superbly constructed; deep scarlet overlaid with crimson.

Magna Charta—Extra large and full, bright rosy pink; a profuse bloomer and very hardy.

Madam Gabriel Luizet—Rich, soft pink with deep, flesh-colored center; large, full and sweet.

Paul Neyron—Said to be the largest rose in cultivation; bright, clear pink; very fragrant, hardy and a strong grower.

Prince Camille de Rohan—Very dark, velvety crimson, almost black, large and full; a beautiful sort.

Moss Roses—Blanche Moreau, Crimson Globe, Princess Adelaide, Blanche Roberts.

Baby Rambler—Red, White, Pink or Yellow. Nice little bushes that will bloom all summer.

Yellow Roses

Hugonis—Pale clear yellow; best among semi-doubles; abundant blooms on long arching stems; very early; foliage attractive pale green with red tips; an excellent ornamental plant.....Each, \$1.00

Persian Yellow—Hardy; great bloomer and delightful color.....Each, 60c

Austrian Copper—Hardy; a brilliant orange-yellow rose, gorgeous.....Each, 75c

Harrison's Yellow—An old timer of great hardiness and dependability.....Each, 60c

Rugosa Roses

Prices, except as noted..... each 60c, \$5.00 per 10

Alba.—Large and beautiful single white flowers about 3 inches across. Bright red seed pods or hips follow blossoms

Belle Poitevine—Clusters of large, semi-double, open blooms of very dark crimson. Blooms moderately but continuously all Summer.

Conrad F. Meyer—Very large, double, showy, clear silvery rose flowers, strongly fragrant.

Hansa—Large, full, double, reddish-violet blooms. Profuse bloomer.

Madame Chas. F. Worth—A cross between *Rosa Rugosa* and *Gen. Jacqueminot*. The flowers are double, crimson-red and borne in the greatest profusion in June. It is not subject to mildew, has no insect enemies and needs no Winter protection. The finest and most valuable of the *Rugosa* roses

Roseaie de l'Hay—Large, double, crimson-red blooms shading to rosy-magenta and of a delightful fragrance.

Rubra—Large, beautiful, single flowers, $2\frac{1}{2}$ to $3\frac{1}{2}$ inches across, of clear pink to bright crimson. Bloom continuously from June to September.

***Blanc Double de Coubert**—Pure white, very large semi-double flowers; plants bushy and vigorous.

***Charles F. Worth**—Deep crimson; attractive green foliage.

***F. J. Grootendorst**—Small red flowers in clusters; strong grower, bushy, with leathery disease-resisting foliage; abundant bloomer until frost, New and beautiful. Most wonderful rose in many years. \$1.00 each.

F. J. GROOTENDORST

The Most Popular of all Rugosa Roses

Climbers and Ramblers

Prices, except as noted..... Each, 40c; per 10, \$3.75; per 100, \$35.00

Crimson Rambler—Crimson, semi-double; vigorous plant; good pillar and porch climber.

Dr. Van Fleet—Deep pink, perfectly formed long pointed buds with several in a cluster; vigorous, with glossy green foliage; an excellent climber.

Dorothy Perkins—Shell pink; one of America's most noted roses; slightly fragrant, borne in great profusion; lasting qualities; blooms in clusters. Vigorous and excellent climber; bright glossy green foliage.

Excelsa—Intense crimson; immense clusters; superior to *Crimson Rambler* in color and foliage; hardy and vigorous.

White Dorothy Perkins—Pure white sport from *Dorothy Perkins*, identical in foliage and habit.

Blue Rambler (Veilchenblau)—Violet blue flowers in loose clusters; a rampant grower; something different; hardy.

Climbing American Beauty—Rich carmine, moderately fragrant, large blooms on separate stems, glossy green foliage, heavy grower, very hardy.

Baltimore Belle—White, suffused yellow, of medium size, in clusters; vigorous and hardy.

Paul's Scarlet—A very popular red climber.

Climbing Vines

Ampelopsis Veitchi

Each, 25c; per 10, \$2.00; per 100, \$20.00.

Ampelopsis Engelmanni (Engelmann's Five-Leaved Virginia Creeper)—Hardy climbing vine, five-leaved, clings to either wood, stone or brickwork.

Ampelopsis Veitchi (Boston Ivy)—Glossy green foliage that turns to crimson in the Fall. Clings to brick or stone.

Bignonia Radicans (Trumpet Ivy)—Flowers trumpet-shaped, deep crimson.

Celastrus Scandens (Bittersweet)—Has pale yellow flowers, followed by pretty orange colored berries and scarlet arils.

Japan Honeysuckle

Clematis Paniculata

1 Year Plants

Each 50c; per 10, \$4.50.

Clematis Henryi (Large-Flowered Creamy White Clematis)—Large, creamy white flowers.

Clematis Jackmani (Large-Flowered Violet-Purple Clematis)—Large, velvety purple flowers.

Clematis Mme. Edouard Andre (Large-Flowered Red Clematis)—Large, violet-red flowers.

Clematis Ramona (Large-Flowered Blue Clematis)—Large sky-blue flowers.

Clematis Paniculata (Sweet Autumn Clematis)—A strong growing variety with small, star-like flowers; delicately scented.

Lonicera (Japan Honeysuckle)—Yellow flowered Climbing Honeysuckle. Yellow flowers in pairs; foliage keeps until late in Autumn; very easy grower.

Lonicera, Sempervirens (Scarlet Trumpet Honeysuckle)—A profusion of scarlet, trumpet-shaped flowers are borne in clusters during the entire season.

Lycium Chinense (Chinese Matrimony Vine)—Really a trailing shrub. The purple flowers are followed by attractive, brilliant crimson fruit.

Wisteria Frutescens (American Purple Wisteria)—A very rapid growing vine, with small, pale-blue, fragrant flowers.

American Beauty

Peonies

We have a very fine collection of this noble flower, and invite your especial attention to our very low prices on good, strong roots of the following named sorts at 40c each; \$3.50 per 10; \$30.00 per 100, except as noted.

American Beauty—Just like the American Beauty Rose, with delightful fragrance.

Bramwell—Soft, silvery pink, very fragrant. Great bloomer.

Crown of Gold—A very rare and new variety. Pearly white with golden center, splashed with red. 50c each.

Delachii—Glorious, purplish crimson. One of the best.

Festiva Maxima—The best white, charming, waxy, center splashed red.

Floral Treasure—The most beautiful pink imaginable, great bloomer.

Golden Harvest—Fine yellow, blush guard petals.

Grandiflora Rubra—Very late and large, blood red.

La Esperance—Early, delicate pink, sweet scented.

Modesta—Dark rose, sweet scented, fine cut flowers.

Mrs. Walter Moyle—Pure glistening white, good grower and prolific bloomer, \$1.00 each.

Rachel—Dark purple, very double, one of the finest. 50 cents each.

Victoria—White creamy center; fine as a cut flower.

Walter Moyle—The most gorgeous red peony we have ever seen. A seedling of our own growing; very robust grower, great bloomer and very double. \$1.00 each.

WANETA PLUM

Waneta is of American origin and much hardier than the European and Japanese varieties. Fruit of the largest size, bright red and almost freestone. Sweet and juicy. Tree is a rugged and vigorous grower, adapted to any good soil; an annual bearer. Has a marked peach flavor.

UNION GROVE - - WISCONSIN

MONITOR PLUM

A Japanese crossed with the native plum. Certainly a dandy. Equal to a California plum in quality. Delicious to eat out of hand or to preserve and tree is absolutely hardy any where in Wisconsin or Minnesota. If you want plums, plant Monitor.
